Comment Phase on NIDCR Initiatives

NIDCR has come out with its Proposed Research Initiatives for 2019, which includes a PBRN initiative. They opened up a comment phase so members can describe the impact the network has had on our profession. NIDCR has described the network as "tremendously successful". Congratulations to our members for making this happen! Drs. Walt Manning, Jeffrey Ebersole, Merle Nunemaker, and Mike McCracken are just four of the many members who submitted their comments.

ICON Resin Infiltration

If your practice is not using FDA-approved ICON resin infiltration for management of incipient proximal carious lesions or for cariogenic white spot lesions, you are not alone. About half of the 413 respondents in the July quick poll were unfamiliar with the resin infiltration concept. [Read more...](#)
